

RCC_Private_Functions

Interrupts and flags
management functions

```
graph LR; A[Interrupts and flags management functions] --> B[RCC_Private_Functions]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text 'RCC_Private_Functions'. The box on the right is gray with a black border and contains the text 'Interrupts and flags management functions' on two lines. A black arrow points from the right side of the gray box to the left side of the white box, indicating a relationship or dependency from the interrupt management functions to the private functions.
